# OUR CLIENTS

---

**medical institutions**

**dentistry,  
cosmetology**

**food industry**

# General description

**1**

One-piece gown without side seams or with side seams, with ties at the waistline, or with a three-velcro clasp, or four-button clasp, without pockets. Front part is one-piece.

**2**

The neckline is edged, with either a collar or a stand-up collar.

Sleeves are single-stitched sewn in or raglan. Sleeves are one-piece or sewn. Long or short sleeves.

**3**

The bottom of the sleeves is unprocessed or gathered with a cuff knit made of 100% polyester or an elastic band.

The details of the cut are sewn with a sewing machine or an ultrasonic welding machine.

Stitched seams provide excellent strength and have water-repellent properties.

**4**

True-to-size design: Designed for men and women of all sizes (unisex), providing comfort and ergonomics during usage. Double ties at the waist ensure a comfortable and secure fit. The sleeves are designed with an additional margin in length, for the convenience of working in the position with extended arms. Gown protects the user and does not interfere while wearing.

**5**

Gowns are used in medical institutions by both staff and visitors of medical institutions, as well as at enterprises, as insulating clothing from dust and dirt, to maintain cleanliness and aesthetic appearance. Season: 4 seasons.

# Product properties/ Modifications

1
